Verbal Description:

Candelero fragment, 4 chambers visible. Paste is finer than usual for a candelero. Base is not flat, but has a tiny circular foot - perhaps a tripod sort of structure. Chambers are burnt on the inside & go all the way down to the base. Exterior is not burnt, but has incision in a cross-hatch pattern. The one chamber that has an exterior wall also has a hole from the chamber to the wall. No slip or other form of decoration.
